

2021-22 Recovery Plan

Montesano School District

Phase 1

Montesano is a community where people learn, grow and work together. With high-quality instruction, every student, regardless of race, class, language, or ability, can succeed.

Everyone involved in the Montesano Schools will use an equity lens to learn, think and address how race and equity impact choices in instruction, programming, staffing, funding, and policy. All members of the Montesano Schools community should strive to improve equitable practices and awareness through all of our activities, choices and interactions. We encourage the application of [this tool](#) in any decisions that impact students, staff and families of the Montesano School District.

In the Montesano SD, we know students personally which allows us to create opportunities for enrichment and interventions. We intentionally design instruction for growth in all students while closely monitoring populations identified in our equity analysis as needing additional support. The following strategies will be implemented to promote student growth.

Additional Time

- Targeted interventions before and after school
- Summer School
 - Summer Reading Camp at Simpson Elementary
 - Apex Summer School at the high school: original credit and credit recovery
- Adjusted student schedule in grades 7-12
 - Increase course offerings from 6 in the 2020-21 school year to 8 in the 2021-22 school year
 - Allows students with incompletes to earn credit and not fall behind
 - Allows students the opportunity to explore more courses and interests
