
Washington State Healthy Youth Survey 2014

Washington State 2014 Healthy Youth Survey

Our district is participating in the Washington State 2014 Healthy Youth Survey during the week of October 13th – 17th.

The Healthy Youth survey includes questions related to physical activity and diet, unintentional and intentional injury, substance use, risk and protective factors, access to school-based services, and sexual behaviors, abuse and orientation. Survey results are used by schools, communities and state agencies to plan programs to support our youth and reduce their risks.

The Healthy Youth Survey is given to students in grades 6, 8, 10 and 12 across Washington State. This year, schools from small districts are also giving the survey to students in grades 7, 9 and 11.

Participation in the survey is voluntary and the students' answers are anonymous.

Please read the Parent and Student Notification flyer for more information about the Healthy Youth Survey.
